Hi Pastor Dayo,

Greetings from North Africa! We just recently had our anniversary of 2 years on the field. Your family and King's City church have been a huge part of our journey. God has been working in and through you and your community. We are so thankful and encouraged. We cannot express how much your kindness and support meant to us when we were in a vulnerable spot, raising support, navigating team agreements, and had a surprise pregnancy. We felt so encouraged and supported by you, your family, and community.

We are coming back to the states in June for a two month home assignment to update supporters and prayer partners and see our families. We would love the opportunity to connect with your family personally which we will reach out to you and your wife again to get on your family calendar. However, the purpose of this email is to see how you would like us to report back to the church. The church has been so faithful in supporting us, we want to make sure we can give those who want to hear an opportunity to hear about what God has done through their generosity and prayers. We are planning to attend King City June 15th. This is also Father's Day. So there are two options:

Option 1: We could share for 5 - 10 minutes at the end of the service if the live stream cameras are turned off. However, we realize the service might be fully focused on fathers so we understand if that is not a good option and there is not time that week for someone to share.

Option 2: If there is a family at the church willing to host, we could have a separate sharing time at someone's house sometime that week. This could be open to any church member who wants to hear. It could just be a potluck where people bring what they want. Then we share for 40 minutes a ministry update, and then people could ask questions and get to know us.

We could also do both options. Let us know what sounds best.

We also wanted to clearly communicate. We are so thankful for God's provision and the support of your church. The purpose of this visit is to update, encourage, and spend more time together. We are so excited to fellowship and reconnect at King's City. It was a very impactful time for us attending your church.

Also, fun news! We are expecting another baby! Soon we will have four kids like your family, Lord willing =).

Sincerely,  
Michael and Christy
